

SAFETY DATA SHEET

conforming to 91/155/EC

Date: 02/11/2016

Page 1/5

1. Description of Product/Manufacturer

Product

Trade Name: Fibre glass woven Reinforcing Fabric

Manufacturer:

Manufacturer: Technical Textiles sro
Skolska 54
SK – 92241 Drahovce
Phone: +421 33 79 64 111
Fax: +421 33 79 64 120

Information: +421 33 79 64 111
Emergency Number: +421 33 79 64 111

2. Composition

Chemical Characteristic, prime material:	polymers plastic
Chemical Characteristic, finished product:	E-glass coated with polymers plastic
CAS-Number:	not applicable
Hazard indication:	none

3. Possible Hazards

In case of correct use no special hazards for men and environment

4. First Aid Measures

General information:	do not eat
after inhalation:	not applicable
after contact to skin:	not applicable
after contact to eyes:	not applicable

5. Fire Fighting Measures

Suitable: water, foam, powder, CO₂

Special hazards by material, its burning remains or occurring gas:
in case of insufficient burning, smouldering fire, smouldering gases
may arise from polymers plastic, e.g. CO, NOX

Special protection in case of fire fighting measurements:
use of breathing apparatus independent to circulating air

6. Special measurements for unintentional release

Precaution for men:	not applicable
Precaution for environments:	not applicable
Cleaning:	not applicable

7. Handling and Storage

Handling

Hints for safety handling:	no special measures necessary
Hints for fire and explosion protection:	Observance of the general rules for the internal fire prevention

Storage

Special storage conditions: not applicable

8. Exposure Control / Personal protection

Additional regulations for technical equipment: not applicable

Components of limits in relation to work place: not applicable

Personal protection

general protection:

eventual hand protection

9. Physical and chemical properties

Appearance

Form: reinforcing meshes on rolls
Colours: different
Odour: neutral

Safety dates

Change of status: not applicable
Flash Point: not applicable
Ignition temperature: not applicable
Self inflammation: not applicable
Fire characteristics: avoid contact with fire and heat sources
Explosion: not applicable
Further information: none

10. Stability and Reactivity

Dangerous: not applicable
Further information: none

11. Toxicological Information

Acute toxicity, dates of one component, classification:	not applicable
Specific symptoms in animal experiment:	not applicable
Irritations:	not applicable
Sensibility:	not applicable
Other information:	not applicable
Subacute to chronically toxicity:	not applicable

Experiences on men: there are no negative reactions on human health

12. Ecological Information

Information for elimination (persistence and degradability):	not applicable
Ecotoxicological effect:	not applicable
Further ecological hints:	none

13. Hints for disposal

Product:	can be disposed on a suitable waste disposal
Packing:	disposal systems

14. Transport

Road Transport:	not subject to be marked
Inland Shipping:	not subject to be marked
Sea Transport:	not subject to be marked
Air Transport:	not subject to be marked

Description of goods: Fibre glass woven reinforcing fabric

EC Safety Data sheet

page 5/5

15. Regulations

Marking according to EC regulations: not subject to be marked as dangerous goods

Domestic Regulations: not applicable

16. Other information

The above information are based on our present knowledge. They should characterise our products with regards to the safety and are not suitable to secure special features.

Existing laws and descriptions must be observed by the receiver of our products in his own responsibility
